DIRECTOR OF CENTRAL INTELLIGENCE  
**Security Committee**

SECOM-D-637

12 September 1979

MEMORANDUM FOR: Director of Security

Senior Officers, Office of Security

FROM:

[REDACTED]  
Executive Secretary

25X1A

SUBJECT:

Interagency Training Center [REDACTED]

25X1

1. In connection with the Reorganization Review Committee recommendation that the OS enlist the support of the Security Committee to obtain essential Community resources for the upgrading of the ITC:

The Director, ITC briefed SECOM members at the 15 August 1979 meeting. He presented details of equipment and updating costs to the tune of [REDACTED] against a deadline of 1982.

25X1A

On 20 August members of the SECOM were sent a specific request to review [REDACTED] statement of needs, copies of his fact sheets were included in this request. Members were requested to explore within their departments the feasibility of paying tuition and of allocating year end funds for equipment. They were requested to come to the September SECOM meeting prepared to state official positions on these alternatives or to offer other specific proposals to meet ITC needs. [REDACTED]

2. [REDACTED]

25X1A

[REDACTED] Some agencies have expressed a willingness to go the tuition route but this avenue has serious administrative drawbacks. End of the 1979 year funds are tight throughout the Community. CIA had none. A third alternative which was addressed at the meeting but not in the written notes was a request to the DCI for supplemental funds in the 1980 budget through an appeal to the National Security Council, Special Coordination Committee's CI Working Group. Although I do not believe it will be necessary to go this far to find support and some funding in 1980, we may have to wait for the 1981 budget to secure the rest of the funding. The [REDACTED] figure should be reached in the 1982 budget year. [REDACTED]

4. On a personal note, I believe the [REDACTED] effort to be an important one. The DDO informed on 11 September that this was a very active year for opposition activities in the technical penetration arena. [REDACTED]
